Psychology

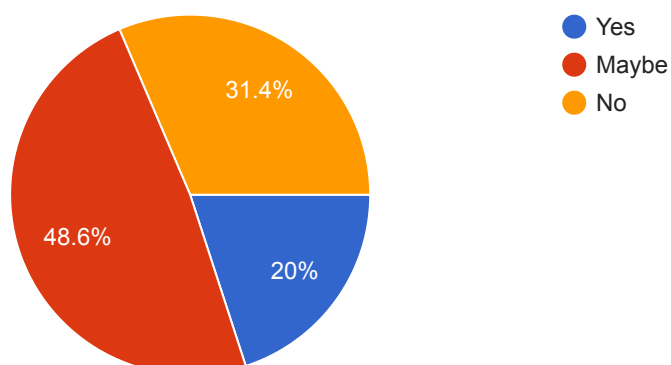

Computer vision in clinical lab setting

I would like to hear more about Robotics, Physical/Embodied AI, World Models.

Would you be willing to present at a seminar?

35 responses

Any other comments or suggestions?

5 responses

Good , it can be sperate into 2 kinds: one for those want pursue Industry pathway, and other for academic work.

None

Thank you for organising this.

I would like the seminars to be hybrid or online since i am an international student and i am curently not in Australia

Thank you for your dedication!
